

Warm welcome to the Gotland Dog Show 25 & 26 August 2018

In order for your weekend to be as good as possible, we want to give you some information to keep in mind when you come to us.

Due to extreme drought smoking is prohibited throughout the exhibition area. Smokers are referred to specially arranged places. Tents can be set up at the ring but not on tent-free sides, and no closer than half a meter from the rings, including the strings. We ask ALL to respect it! Tents larger than 3x3 meters are not allowed.

Water shortages: There is a great deal of water shortages in the whole of Gotland. Those who come with a caravan / camper include water.

Directions: Arrival at the traffic lights at the junction of Visborg and the County Administrative Board. From the harbor drive the ferry route towards road 142, straight ahead through the roundabout. At the traffic lights turn right. Follow signage

NOTE! No entry from road 140

Parking: Unfortunately, we will not be able to offer camping pitches for caravans or motorhomes this year. This because the half of the plan we rent from the region of Gotland nowadays is nature reserve. Because of this we will only have day parking. It is not possible to stay overnight. The parking lot is guarded.

Set of tents: Access to the exhibition site on Friday from 17.00. See above about tent zones. We work from Thursday evening and the whole Friday to build the show, we try to get the rings on the smoothest and best ground
